

Raysun Gatria

Gas Engine Oil

Raysun Gatria is gas engine oil intended for use in light-duty vehicles running on Compressed Natural Gas (CNG), Liquefied Petroleum Gas (LPG) or propane. It is formulated from selected additives to provide superior detergency and dispersancy, oxidation and nitration resistance and protection against engine wear and corrosion. It exceeds the performance requirements of API SJ/ CF-4

Advantages

- Good oxidation and nitration resistance minimize sludge build-up and deposits
- Effective detergency and dispersancy keeps engines cleaner
- Provides superior protection against engine wear
- Controls combustion chamber carbon and ash deposits
- Provides protection against corrosion

Applications

- Light-duty vehicles running on CNG, LPG or propane and operating under moderate service conditions
- Other spark ignited gas engines where API SJ/CF-4 quality oils are specified

Performance level

- API SJ/CF4
